Mrs. Wm. B. Fleming Dies On Thursday

Mrs. Mary Emma Fleming, 82, Cumberland Twp., died Thursday evening at 11:45 o'clock from infirmities of age.

She was born in Mt. Pleasant Twp., a daughter of the late David and Elizabeth (Mickley) Beiter. The deceased was a member of St. James Lutheran Church. Her husband, William B. Fleming, former county superintendent of highways, died a number of years ago.

Surviving is a brother, Oliver Beiter, Gettysburg R. D.

Funeral arrangements, in charge of the Bender Funeral Home, are incomplete.

JAYCEES PLAN FOR ALL-SPORTS NIGHT IN MARCH

Further plans for the All-Sports Night to be held to raise funds for summer camp for Gettysburg High School's football players were outlined Thursday evening at a meeting of the Gettysburg Junior Chamber of Commerce at Bankert's restaurant.

Ben Jones, coach at the high school, has been authorized to secure a prominent coach as a speaker and set the date for the All-Sports night when he attends a coaches' convention at Atlantic City next week.

Magnus Flaws, president of the Jaycees, announced: "The original sports night February 17 was wiped out by snow and the Jaycees are planning to stage the program probably late in March. The Jaycees will continue sale of tickets hoping to get nearer their goal of \$1,000 for the camp. So far slightly more than \$400 worth of tickets has been sold.

Plans for the annual auction to be held April 11 at the C. W. Epley garage were outlined by Mark Gingrich, general chairman for that event. Thomas Metz, chairman, reported on plans for the installation banquet to be held April 1 when the new officers to be elected in March take over their duties.

Robert Hixon was named chairman for the annual Teen-age Road-e-o program in April.

This month is the first February.

In a decade with below average temperatures.

Presbyterian Lenten Series Opens Sunday

A Sunday evening Lenten series of services on the theme of the Apostles' Creed will begin in the Presbyterian Church Sunday evening at 7 o'clock with the pastor, the Rev. Robert A. MacAskill, in charge. The subject for the first service will be "I Believe."

There will also be special music for the 45-minute service.

The morning services at the Presbyterian Church will be broadcast on WGET during March.

On Sunday evening a number of officers and Church School teachers from the local church will go to the Mechanicsburg Presbyterian Church for a 7:30 p.m. conference for church leaders.

PAYS SPEEDING FINE

William W. Church, Martinsburg, W. Va., paid a fine of \$10 and costs before Justice of the Peace Robert P. Snyder Thursday afternoon on a speeding charge filed by state police.

REPORTS CAR DAMAGE

Robert Plank, Cashtown, reported to borough police that the left rear fender and left door of his car had been struck while parked at Gettysburg High School Thursday evening.

ROUND TABLE TONIGHT

The Gettysburg Civil War Round Table will meet this evening at 8:30 o'clock at the Gettysburg National Museum.

Joseph L. Rosensteel will discuss relics of the Civil War on display at the museum, J. M. Sheads, secretary of the Round Table, said.

Heavy Rains Overflow Some Small Streams But Danger Of Major Floods Is Remote

BY THE ASSOCIATED PRESS

Overnight rains sent Pennsylvania's small streams over their banks in some areas today but the U.S. Weather Bureau said there is no danger presently of any major floods.

Bull Run, a small tributary of the Susquehanna flooded as a result of the rains in Lewisburg, forcing evacuation of a dozen families from the Sixth St. area of the community.

The Lewisburg flood was of the flash variety. The water rose rapidly in the narrow channel. The Lewisburg playground for a period was under four feet of water.

Civil defense and highway department trucks evacuated the dozen families from their homes.

Twice as many moved furniture from the first to the second floors.

A number of merchants in the area moved furniture into storage.

More than 50 families were

evacuated in low-lying sections along Sechler's Run, Blizzard's Run and Mahoning Creek in the Danville area. Flood waters from the creeks rose to the first floors of some homes and numerous cel-

lars were flooded.

Not Much Damage

By morning, however, the stream had subsided without doing much damage.

"There may be some more flooding of small streams in the Lower Susquehanna River basin," said O. D. White, hydrologist for the U.S. Weather Bureau at Harrisburg.

"There will be a sharp rise on the main branch of the Susquehanna from Sunbury down to Harrisburg, but flood stages will not be reached anywhere along the way," White predicted.

At Allentown the Lehigh River

was expected to crest in the afternoon at between 166 and 18 feet.

Some two to four feet over flood stage—as a result of up to two inches of rain in the area.

Some Roads Closed

Mrs. McMenick said it is hoped

that sufficient members can be

secured Sunday afternoon to insti-

tute the new circle on March 22.

Thirteen have already expres-

sions to join, she said.

LONG COLD SNAP GAVE FEBRUARY 22-YEAR RECORD

The 11-day below-freezing spell in mid-February made this month the coldest February in Gettysburg since 1936 when the town got 12 inches of snow and the mercury plunged below zero.

This month had 9½ inches of snow and a dozen days in which the temperatures stayed below the freezing mark. The 1958 record low was reached here on February 17 at 2 above zero.

February's daily maximum temperatures averaged 33.78 degrees while the daily low readings averaged 20.93 degrees, making the month's average temperature 27.36 degrees. Normal February temperatures here should average 31.6 degrees so that on the average day this month was 3.74 degrees cooler than it should have been.

The month-end warm-up that saw the mercury shoot up to 60 degrees on Monday failed to keep this month from being one of the coldest Februarys in the last 35 years.

Precipitation, much of it in the form of snow or sleet, was close to normal. The total was 2.90 inches. Normal is 2.66 inches, the records show. There were six days on which measurable amounts of snow, sleet or rain fell.

The 2.90 inches of precipitation measured here this month brings the two-month 1958 total to 6.93 inches, which is a surplus of 1.18 inches.

February probably will be remembered longest for its snow drifts that closed rural roads, kept many schools closed for the week of February 17 and closed all schools for several days while snow removal highway crews battled to open main highways and keep them open.

February of last year had more than seven inches of snow but it was scattered through the month with never more than three inches on the ground. Its temperatures were less extreme also than the month ending today. The low last year was 17 degrees and the high 59 degrees.

This month is the first February in a decade with below average temperatures.

PRESTONSBURG, Ky. (AP)—A Floyd County school bus carrying some 40 youngsters collided with a truck, sideswiped an automobile, then plunged into the rain-swollen Levisa Fork of Big Sandy River today.

State police said more than 20 children and the bus driver, may have died in the accident which occurred three miles south of here. Ten youngsters escaped by climbing through a rear door before the vehicle sank.

State police were unable to furnish the names of the drivers of the other vehicles.

They said the bus skidded to the edge of the bank, then rolled into the water.

Ten youngsters scrambled through a rear door and got ashore. The last girl out managed to save herself by grabbing the foot of a man on the bank.

The bus was carrying students to elementary and high schools in Prestonsburg from the Cow Creek area in southern Floyd County.

Rescue workers began dragging the river but were unable to locate the bus, which sank in about 30 feet of water.

Principal James Bolen of Prestonsburg High School said the bus driver, John Alex Derossett, about 28, had been with the county system more than five years.

He said the youngsters were coming in from rural homes covering a 15-mile area in this coal mining community, about 82 miles southwest of Huntington, W. Va.

State police quoted one of the rescued children as saying at least 19 children and the bus driver were still on the bus when it submerged.

RICE DECLINES TO COMMENT ON GOVERNOR RACE

John S. Rice, West Broadway, former state senator and Democratic candidate for governor of Pennsylvania in 1946, today declined comment on an Associated Press dispatch from Pittsburgh which quoted Mayor David L. Lawrence as saying that he is one of three men who deserve endorsement for that office.

In a long distance telephone conversation with a reporter for The Gettysburg Times Rice, who had not as yet heard of Lawrence's statement, said:

"This is the first I've heard my name has been injected into the race for the Democratic nomination for governor and I would want to know more about the situation before I make any comment."

"I'm vacationing in Florida and have not been in close touch with the Pennsylvania situation, except through my county chairman and others. I would want to know more about conditions as they now exist."

Expect To Campaign

When asked if he would give "fair consideration" to a draft movement in his behalf Rice said: "That would be commenting and I do not want to comment now."

When Rice was asked: "Do you expect to take an active part in the forthcoming campaign?" he replied:

"There hasn't been a campaign since I entered Pennsylvania politics in 1932 that I did not take a more or less active part. I hardly think that I could sit idly by during a spirited campaign."

Mr. and Mrs. Rice plan to leave Fort Lauderdale Saturday and expect to return to their Gettysburg home some time next week.

TEMPERS FLARE OVER DEFENSE OF SEC. BENSON BY PRESIDENT

By B. L. LIVINGSTONE
WASHINGTON (P) — Resentment flared among rebellious Midwestern Republicans in Congress today over President Eisenhower's sharply worded defense of Secretary of Agriculture Benson.

As two GOP House members prepared to carry corn belt protests against Benson's farm policies to the White House later today, Rep. O'KONSKI (R-Wis.) told newsmen: "So far, I've been under the impression we only needed a new secretary of agriculture. Now I think we also need a new president."

Eisenhower made abundantly clear to his news conference he had no idea of ousting Benson and little thought of interfering with the secretary's farm policies. One or the other has been urged openly by many farm belt Republicans.

"Courage And Honesty"

Praising Benson as a man of courage and honesty, Eisenhower said those advocating his ouster are badly mistaken.

Eisenhower said that by and large the country will be better off if farmers are free from government regulations and operate under free market forces like the rest of the economy.

He also said that Benson's programs generally have had the approval of bipartisan agricultural advisory committees.

Assailed On Floor

Taking the House floor shortly after the President made his statement, Rep. Andersen (R-Minn.) commented bitterly: "It now appears that the President has foreclosed any opportunity to acquaint himself with the facts of life."

Andersen was one of about 30 Midwestern GOP House members seeking to force Benson's resignation or a change in administration farm policies in favor of higher farm price supports.

Rep. Weaver (R-Neb.) said, "Mr. Benson is ineffectual because the folks have lost confidence in him. When he lacks that confidence and leadership, the President ought to take cognizance of it."

KOREAN BOY IS GIVEN A "RIDE"

SEOUL, Korea (P) — A 13-year-old Korean boy caught stealing at a U.S. Army base was put in a wooden packing box and flown 25 miles before being released apparently unharmed, the Army said Wednesday.

A Korean newspaper said he was "forced to flee" after being released "in feeble condition."

Gen. George H. Decker, commander of U.S. forces in Korea, said he "regretted the treatment." The incident Tuesday was being investigated "and appropriate action will be taken," the Army said.

Kim Chung Nyun was caught by members of the 8th Army Aircraft Maintenance Center at Ascom City.

"Apparently Unharmed"

The boy was put "in a wooden packing box used for transporting aircraft parts," and Maj. Thomas G. Jones, Plymouth, Pa., flew the box in a helicopter to an airfield at Uijongbu, the Army said. The size of the box and how tightly it was closed were not disclosed.

At Uijongbu the boy was taken to a supply room and the boy, "apparently unharmed" was released and departed from the airfield, the Army said.

The Seoul newspaper Hankook Ilbo said soldiers and Korean employees heard sounds from the box and opened it. The boy was "whimpering and in feeble condition," his face smeared with black coal tar, the paper said, and he was "forced to flee" from the airfield.

The Army said he was located Wednesday for the investigation.

Author Of "Peyton Place" Is Divorced

PHENIX CITY, Ala. (P) — The author of the novel "Peyton Place," which hit the best seller lists and was made into a motion picture, has divorced her husband on grounds of voluntary abandonment.

Judge J. B. Hicks granted the divorce Tuesday to Grace Metallous, 33, in Russell County Circuit Court.

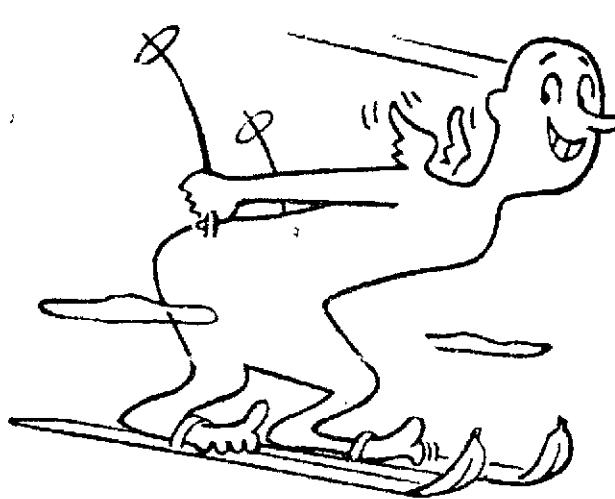

Mrs. Metallous testified that her husband, George, 33, voluntarily abandoned her on Oct. 14, 1956. They were married in 1943. Metallous was listed as a resident of Massachusetts.

The judge barred remarriage except to each other for 60 days. No mention was made of property settlement money or the three Metallous children, Marshal, 14; Christopher, Michael, 10, and Cynthia, 7.

U. S. SCIENTIST SCOUTING TRIPS TO MOON IN '70

WASHINGTON (AP)—An astronomical scientist predicted today small scouting parties can be landed on the moon by 1970.

From a base there, men could later move on to Mars and, during the 1980s into the outer solar system, Kraft A. Ehricke said in a speech prepared for the Air Force Assn. Jet Age Conference.

Ehricke, a scientist with the Convair Astronautics Division of General Dynamics Corp., put forth this time table for lunar travel:

In the period 1958-64, a rocket shot close to the moon, then one impacting on the moon, another circumnavigating it and one making a controlled landing on the surface.

"Permanent Moon Base"

In the 1964-68 period, landing of vehicles carrying recording-transmitting instruments; rockets with men aboard to cruise near enough to make a lunar reconnaissance and, "in the period 1970-70, landing small scouting parties." These parties would decide whether the building of a permanent moon base should be undertaken.

If building of a base was decided upon, development of a supply system for a permanent base would be carried on in the early 1970s.

The timetable for journeys from the moon base to the distant places of space, said Ehricke, might be: reconnaissance vehicles to probe the inner solar system in 1970-70; landing on Mars in the 1970s; exploratory flights to the outer solar system in the 1980s.

Huge Space Ship

Ehricke suggested preliminary designs for a huge 900-ton space ship, powered by 2,700,000 pounds of rocket thrust, capable of landing a 22,000-pound payload on the moon or orbiting, a 30,000-pound payload around the planet Mars.

Carrying only a 15,000-pound payload, the ship could land a scientific expedition on the moon, he said, with fuel enough to take off again and return to the edge of earth's atmosphere. There the men would transfer to a glider-like device for soaring back down to earth.

"HEART BANK"

(Continued From Page 1) search and pointed out that "until the 1920s we didn't know what coronary thrombosis was but it probably has been present all through history. We know now that the prospect for most coronaries who survive their first attack is very excellent."

Dr. White arrived a half hour late for the press and radio conference because of a dental appointment. On the battlefield trip that extended from Oak Ridge to Big Round Top with one stop at the North Carolina monument, Dr. White displayed considerable knowledge of the battle and showed special interest in movements of Massachusetts troops.

Third Visit Here

He told Dr. Frederick Tilberg, National Park historian who accompanied him on the trip, that he had "two ancestors" in the battle here.

This was Dr. White's third visit to Gettysburg.

He came here first in uniform from the Carlisle Medical College in July, 1922, when the U. S. Marines re-enacted Pickett's charge. He was here last in December, 1955, when he examined President Eisenhower at his farm home to decide when he could return to White House duties and make a decision about a second term.

Dr. White was a guest of honor at a reception at the Hotel Gettysburg after the high school program Thursday evening. The reception was held by the county medical society and the board of directors and officers of the heart association.

This morning at 6:20 o'clock, Dr. White breakfasted in bed at the hotel eating a half grapefruit, dry cereal with half milk and half cream, an egg and bacon and coffee with cream. Then at 7 a.m. he left for Bethesda, Md., where he will preside over a 10th "reunion meeting" of the alumni of the First National Advisory Council on Heart Disease.

HOMEWARD BOUND

The skies above are overcast . . . and yet it seems to me . . . just like it is a sunny day . . . aglow with ecstasy . . . the train moves swiftly but somehow . . . just not quite fast enough . . . now I believe it when folks say . . . the final miles are rough . . . light is my heart and I am high . . . with great anticipation . . . I drift in reverie and find . . . a tender consolation . . . now from my observation post . . . I see familiar places . . . dreaming of the smiles I'll see . . . upon my loved ones' faces . . . the train pulls in, I disembark . . . thank God that I have found . . . sweet promise and fulfillment . . . for I am homeward bound.

EXPLOSION, FIRE WRECKS STORE

PITTSBURGH (AP) — An explosion followed by fire destroyed a dairy store today on Pittsburgh's South Side. Police said at least five persons were injured and taken to hospitals.

A short time after the explosion police said a building housing the page dairy mart had been destroyed. The fire was reported under control within a few minutes after the first alarm.

Police said most of the injured persons were taken to hospitals in private automobiles.

The building was located at the corner of Beck's Run and Carson St.

There was no immediate identification of the injured persons.

Silver Wedding Day

OFFICERS KILL EX-CONVICT AS SLAYER SUSPECT

ODESSA, Tex. (AP) — West Texas peace officers mowed down the accused killer of a deputy sheriff before he could pull the trigger on his cocked pistol last night.

Sheriff Lem Gabriel said the slain suspect was G. F. (Jack) McMichael, 36, an ex-convict sought in a two-state manhunt.

Deputy Thad West, 40, was shot without warning yesterday morning while checking a baby sitting report.

Gabriel said McMichael was found at the home of a girl friend. Officers surrounded the house.

The sheriff said McMichael came to the front door with a pistol in his hand, then dashed for the back door after shooting the deputies outside.

Several Officers Fired
"We shouted for him to halt," the sheriff said, "and he whirled and cocked his pistol."

Several officers fire about the same time and McMichael fell without shooting.

Gabriel said Ruby Luelen Landford, 50, was charged with harboring a criminal.

Deputy West was killed as he walked into an apartment. The landlady, Mrs. Frank Matthews, said she rented the apartment to Mrs. Pat Ledbetter, 18, and McMichael under the names of Mrs. and Mrs. Ledbetter.

With them were Mrs. Ledbetter's two children, 2 and 4 months old.

Deputy Sheriff G. K. Kelly said West went to the apartment to check reports an effort had been made to sell the 4-month-old Cindy.

No charges were filed against Mrs. Ledbetter. Her children were taken over by the welfare office.

BUILDING PERMITS ISSUED

Burgess Wilbur L. Plank issued two building permits today.

John E. Snyder, Park St., to erect a 1½-story brick case and frame house with a shingle roof, at a cost of \$14,000.

Fleaga and Bowlin, Howard Ave., to erect a one-story brick and frame house and garage at a cost of \$16,000.

SOUTHAMPTON, PA.

Police searched today for two men who held up four employees of the Alloy Steel Casting Co. and escaped with the firm's payroll of more than \$3,000.

The men slipped into the company office through a washroom yesterday and forced the employees, two men and two women, into a small anteroom at the point of a sawed-off shotgun. The men's faces were hidden by knitted Army hoods.

The victim is survived by his widow and two children.

Allenberry Seeks Talent For Summer

The Allenberry Playhouse, preparing for its 10th season, will hold tryouts for local talent on Sunday, March 16.

Needed are actors and actresses as well as singers and dancers for small parts in productions this summer to supplement the professional New York company.

As two musicals are planned this year, the management is also interested in a talented drummer and banjo player.

Applicants are to apply to Richard N. Gage, Allenberry Playhouse, Rt. 174, Boiling Springs, Pa., on Sunday, March 16.

Dramatic talent will be interviewed between 2 and 4 p.m. and musical talent between 4 and 6 p.m.

News Briefs

MAHWAH, N.J. (AP) — Some 3,000 employees of the Ford Assembly plant here were laid off for the day today. A company spokesman said the layoffs were to give the plant time to adjust production schedules.

The plant here, which has closed down several times for one-week stretches in the past few months, is on eight Ford plants in the nation to shut its doors to all or some employees today.

The other plants are at Atlanta, Chester, Pa., Chicago, Memphis, Norfolk, Va., Louisville and San Jose, Calif.

AVONDALE, Pa. (AP) — Peter S. Huber, 28, of near Middletown, Del., was killed early today when thrown from his car on Route 41 south of this Chester County community.

Pennsylvania state police said Huber lost control of his car that raced off the highway and rolled over several times. He landed in the middle of the highway, 130 feet from his wrecked car.

To this Vito reported he is prepared to renounce his Roman Catholic faith to get a divorce "and marry Sharon, if she'll have me."

DEAF MUTE KILLED

NORRISTOWN, Pa. (AP) — Manzie Turano, 43, Philadelphia, was killed last night when struck by an automobile on Ridge Pike near Clearfield Ave.

Police said the car was driven by the Rev. Charles S. Gogel, 44, Ruckery Grove Farm, Phoenixville R. 2, a Mennonite minister.

Sgt. Robert Furlong of Lower Providence Twp. said that Turano, a deaf mute, was seen lying in the driveway of a meat market shortly before the accident.

The victim is survived by his widow and two children.

ACTRESS WON'T ACCEPT HUGE TRUST OFFER

HOLLYWOOD (AP) — Actress Sharon Lee says she won't accept Tony Vito's \$500,000 trust fund offer if she decides to marry him.

"I don't want this kind of publicity—or the money either," the shapely blonde said yesterday, seemingly on the verge of tears.

Vito, 38, a fruit grower with reportedly extensive holdings in California's San Joaquin Valley, said Wednesday that his marriage proposal had included the trust fund offer.

No Publicity Stunt

"I want her to know that if she marries me she won't have to support me," he explained.

Both Miss Lee, 27, and ex-Marine Vito denied the offer was a publicity stunt.

"I'm the sorriest man in the world that this has leaked out," he said. "It's not doing me any good with my business or my bank."

Needs Divorce First

Meanwhile, in Medford, Mass., Mrs. Vito Orlandella said Vito's real name is Orlandella and that he is her husband. The mother of a 7-year-old son and 4-year-old daughter said she and Vito were married in a Boston Catholic church 10 years ago.

Despite four years' separation, she said, there can be no thought of divorce because of her religion.

To this Vito reported he is prepared to renounce his Roman Catholic faith to get a divorce "and marry Sharon, if she'll have me."

FORT LAUDERDALE, Fla. (AP) — George Daikes, 32, was electrocuted yesterday when a hammer in his pocket came in contact with a 13,000-volt wire.

Daikes, an employee of an electrical contracting firm, was working on a light pole at the rear of a Fort Lauderdale beach hotel when the accident occurred.

HEADS PROTESTS ON DRILLINGS

NORRISTOWN, Pa. (AP) — The Lansdale Municipal Authority has agreed temporarily to discontinue pumping at its new well after receiving protests from three Hatfield residents.

The residents filed a petition seeking a permanent injunction against operations at the well charging it has dried up their private wells. Lansdale drilled the well just north of the borough because of the water shortage last summer.

The agreement was reached after a hearing in the chambers of Judge Morris Gerber of the Montgomery County Court.

Atty. Aaron Swartz, representing the authority, said it will be decided next Tuesday whether to continue using the well.

If Lansdale decides to resume pumping, Judge Gerber said he would hold another hearing next week on the injunction petition.

EXPLOSION, FIRE WRECKS STORE

PITTSBURGH (AP) — An explosion followed by fire destroyed a dairy store today on Pittsburgh's South Side. Police said at least five persons were injured and taken to hospitals.

A short time after the explosion police said a building housing the page dairy mart had been destroyed. The fire was reported under control within a few minutes after the first alarm.

Police said most of the injured persons were taken to hospitals in private automobiles.

The building was located at the corner of Beck's Run and Carson St.

There was no immediate identification of the injured persons.

Silver Wedding Day**OFFICERS KILL EX-CONVICT AS SLAYER SUSPECT**

ODESSA, Tex. (AP) — West Texas peace officers mowed down the accused killer of a deputy sheriff before he could pull the trigger on his cocked pistol last night.

Sheriff Lem Gabriel said the slain suspect was G. F. (Jack) McMichael, 36, an ex-convict sought in a two-state manhunt.

Deputy Thad West, 40, was shot without warning yesterday morning while checking a baby selling report.

Gabriel said McMichael was found at the home of a girl friend. Officers surrounded the house.

Shown in the picture are Mr. and Mrs. Paul Martz of Cashtown, who celebrated their 25th wedding anniversary with a reception, given by their daughter, Mary Ellen Martz, at the Cashtown Community Fire Hall Sunday.

The couple was married February 28, 1933, by the Rev. Fr. Will Whalen. Mr. Martz is the son of the late Mary Stover Martz and Howard Martz. His wife is the former Rosellen Lentz, daughter of the late Susan Shoemaker Lentz and Isaac Lentz. Mr. Martz is employed by Lincolnway Nurseries. Among the many gifts received was a money tree. Approximately 100 guests attended the reception.

Hatchery Operators Lose Local Action

The Adams County court Thursday afternoon ruled that Kent E. and Doralyn S. Golden, York Springs R. 1 hatchery operators, still owe Dr. C. H. and Irene P. Webster, McSherrystown, \$532 in connection with the furnishing of turkey eggs by the McSherrystown chiropractor and his wife to the Goldens.

The decision was on an action in assumpsit started by Dr. and Mrs. Webster to recover money they said was due them by the Goldens.

In the memorandum containing the decree of court, it stated: "The court having heard the testimony without a jury do find that in February, 1956, and February, 1957, there was an agreement between the plaintiffs and the defendants whereby the defendants agreed to purchase eggs from a number of turkey hens belonging to the plaintiffs at 30 cents per egg; that on April 3, 1957, the agreement was modified to provide that the plaintiffs could take eggs to the defendants, the defendants to furnish the labor and the hatching of the eggs, the defendants to receive five cents per egg for each egg hatched and the plaintiffs to receive the sale price of the poult sold; that both parties agreed to sell the poult and did sell the poult, all of the proceeds thereof being paid to the plaintiffs; that in May, 1957, the defendants had on hand about 1,500 poult belonging to the plaintiffs which were not sold until November 1957; that said poult could have been sold in May at approximately 50 cents per poult; that the defendants are not indebted to the plaintiffs for eggs delivered to them, but must account to the plaintiffs for the value of the 1,500 poult as of May, 1957, or \$750, against which defendants are entitled to credit for the hatching fees of said 1,500 eggs and 2,860 eggs for poult previously sold, or \$218; that there is a balance due by the defendants to the plaintiffs of \$532; that the defendants are not entitled to damages for the loss of hatching fees on the Tom Bross order or to the cost of feeding, etc. in connection with raising the Webster poult."

U.S. SCIENTIST SCOUTING TRIPS TO MOON IN '70

WASHINGTON — An astronomical scientist predicted today small scouting parties can be landed on the moon by 1970.

From a base there, men could later move on to Mars and, during the 1980s into the outer solar system, Kraft A. Ehrcke said in a speech prepared for the Air Force Astronaut Age Conference.

Ehrcke, a scientist with the Central Astronomical Division of General Dynamics Corp., put forth this time table for lunar travel:

In the period 1958-64, a rocket shot close to the moon, then one impacting on the moon, another circumnavigating it and one making a controlled landing on the surface.

Permanent Moon Base

In the 1964-68 period, landing of vehicles carrying recording-transmitting instruments; rockets with men aboard to cruise near enough to make a lunar reconnaissance and, "in the period 1967-70, landing small scouting parties." These parties would decide whether the building of a permanent moon base should be undertaken.

If building of a base was decided upon, development of a supply system for a permanent base would be carried on in the early 1970s.

The timetable for journeys from the moon base to the distant places of space, said Ehrcke, might be this: reconnaissance vehicles to probe the inner solar system in 1970-71; landing on Mars in the 1970s; exploratory trips to the outer solar system in the 1980s.

Huge Space Ship

Ehrcke suggested preliminary designs for a huge \$900-million space ship, powered by 2,700,000 pounds of rocket thrust, capable of landing a 22,000-pound payload on the moon or orbiting, a 30,000-pound payload around the planet Mars.

Carrying only a 15,000-pound payload, the ship could land a scientific expedition on the moon, he said, with fuel enough to take off again and return to the edge of earth's atmosphere. There the men would transfer to a glider-like device for soaring back down to earth.

"HEART BANK"

(Continued From Page 1) search and pointed out that "until the 1920s we didn't know what coronary thrombosis was but it probably has been present all through history. We know now that the prospect for most coronary who survive their first attack is very excellent."

Dr. White arrived a half hour late for the press and radio conference because of a dental appointment. On the battlefield trip that extended from Oak Ridge to Big Round Top with one stop at the North Carolina monument, Dr. White displayed considerable knowledge of the battle and showed special interest in movements of Massachusetts troops.

Third Visit Here
He told Dr. Frederick Tilberg, National Park historian who accompanied him on the trip, that he had "two ancestors" in the battle here.

This was Dr. White's third visit to Gettysburg.

He came here first in uniform from the Carlisle Medical College in July, 1922, when the U. S. Marines re-enacted Pickett's charge. He was here last in December, 1955, when he examined President Eisenhower at his farm home to decide when he could return to White House duties and make a decision about a second term.

Dr. White was a guest of honor at a reception at the Hotel Gettysburg after the high school program Thursday evening. The reception was held by the county medical society and the board of directors and officers of the heart association.

This morning at 6:30 o'clock, Dr. White breakfasted in bed at the hotel eating a half grapefruit, dry cereal with half milk and half cream, an egg and bacon and coffee with cream. Then at 7 a.m. he left for Bethesda, Md., where he will preside over a 10th "reunion meeting" of the alumni of the First National Advisory Council on Heart Disease.

MARKET IS IRREGULAR

NEW YORK (AP)—The stock market was irregularly lower in slow early trading today.

Changes in most major issues were held to small fractions.

Once again there was a lack of leadership in any division. The news background was fairly spoty.

Today's Talk

REGIONAL WRITERS

I like to read authors who write of a particular part of the country. Examples: Harriette Kane, who writes of New Orleans and the South. His recent book is "The Gallant Mrs. Stonewall" (Jackson). He has written 17 to date and you can't read any of his books without becoming better informed about the South and its people. Then there is the excellent writer Conrad Richter, whose latest novel is "The Lady." To get the flavor of early American life, read any book by Richter. He is one of our finest and distinguished Another of my favorite regional writers is Jesse Stuart, who writes about his beloved Kentucky. He has written a dozen and more books but his "Taps for Private Tussie" and his Kentucky books make you feel as though you were a neighbor of the author. Being a former teacher, he came to bat for all teachers in his fine book "The Thread That Runs So True."

If we lent out the Mississippi stories of Mark Twain we would be missing much of his most charming and important writing. His "Huckleberry Finn" and "Tom Sawyer" have become immortal classics.

Robert Frost was born in California but his country mostly was Vermont, New Hampshire and among the New England folks. If this region should be taken from Frost he would have to get it back, for it is a part of him. He is a part of the earth itself! He writes about simple things, too, but he must have his beloved region to inspire him. The thing that makes regional writers so worth while is that they are first of all American. We need them.

Tomorrow Mr. Adams will talk on the subject: "Appreciation." Predicted, 1958, by The George Matthew Adams Service

Just Folks

FIGHT IT OUT
When Trouble comes up to your door
And brings his army. Doubt,
Don't run away in fear my boy,
But stay and fight it out.Stand up to Trouble like a man,
Meet him without a groan,
Your face high up and shoulders square,
And fight it out alone.Old Trouble and his army, Doubt,
All cowards quickly rout;
But brave men never fail to win
Who stay and fight it out.

Congressman Gets \$225 Monthly Pension

HARRISBURG (P) — U.S. Rep. John H. Dent (D-Pa.) has gone on the state pension rolls for \$225 a month.

The State Retirement Board yesterday approved the pension for the former Senate Democratic leader from Westmoreland County, who resigned from the Legislature last fall to run for Congress.

The board also approved these other monthly pensions:

J. Earl McCord, Pennsylvania State University, \$366; Paul H. Schweizer, Penn State, \$402; Anthony J. Walsh, Highways Department, \$328.

Former state police officers placed on retirement included:

Maj. Charles J. McRae, \$346; Capt. Edwin C. Griffith, \$327; Capt. Reese L. Davis, \$307; and Capt. Frank Milligan, \$275.

Lieutenant Stahle, a graduate of Gettysburg high school, attended Gettysburg college for a time, before he received an appointment to West Point. He graduated from West Point in January and since that point I wanted his desperately.

His disappearing silence was like a lash. Once in a while at the table he'd mention some of the wastrels, handy examples in those days, who rode around in their cars doing nothing.

The only way I could win his respect again was to switch to another university and do better.

The next term I went to Stanford, and majored in philosophy. It's a palpable fact that every son wants his father's respect, and at this point I wanted his desperately.

The next term I went to Stanford, and majored in philosophy. I took two courses in comparative religion, among other things, studied hard and figured I had it all solved. One day I told my father: "That old Greek, Socrates, put it all in two simple words: 'Know thyself.'"

"Two Halves"

"Yep, and then get to know the other fellow, too," my father said. "There's always two halves to a whole."

That was pretty good for a cowboy who never got beyond the fourth grade.

My wife, Collier, and I have three sons: Randy is 19 and at Cedar City University in Utah. Clem is 18 and Carl is only 6. They're good kids and developing into fine young men. They are all adopted children, and from the very first I have always talked to them as adults. I tried to expose them to some of the ideas I picked up at Stanford. They were bored.

So I try to use my father's approach. I want them to speak from the strength and security of conviction. Maybe that comes with age; it did with me, only I'd like

S P O R T S**Four Bullet Players In Final Home Game Against Upsala Saturday At 8:15**

Upsala College of East Orange, N. J., a newcomer on the Gettysburg College basketball schedule, will oppose the Bullets here Saturday evening at 8:15 o'clock in the final home game for Bob Hulton's court. There will be no preliminary game.

The Bullets finish their campaign against Juniata at Huntingdon Monday evening.

Upsala, with predominately a Sophomore team, has logged a 7-14 record thus far this season. Tonight the Vikings meet Susquehanna at Selinsgrove.

Scheduled to start against Gettysburg are Capt. Richard Meningall, 6-2 Senior; Al Lazaroff 6-4; Ted Nichols 5-11; Earl Johnson 5-9, and Bill Hercek 5-10, all Sophomores. Meningall is the lone letterman remaining from last year.

Nichols Leading Scorer

The Vikings' most recent victory was Tuesday, 114-75 over Panzer, when Nichols tallied 51 points to set a new Upsala scoring record. Nichols has now landed 349 points in 21 games for a 16.5 average. Lazaroff has netted 23 and Meningall 241. Meningall and Lazaroff are the team's leading rebounders with 297 and 279.

The Bullets (8-14) will go all out for a pair of victories over Upsala and Juniata. Until clashing with red-hot Bucknell Wednesday, the Hulton-men had been playing their final ball of the campaign.

Four Gettysburg Seniors will be appearing for the last time before a home audience. They include Bobby Walsack, Marty Miller, Stan Traymore and Frank Capitani. All other squad members are due back next year.

NEW TROPHY ROOM NEEDED FOR RIFLEMEN

BROOKLYN, N. Y. (AP) — St. John's University will be forced to build a trophy case for its rifle team.

The nimrods coached by Tito Ballistreri last year won 32 assorted trophies or plaques, 44 gold medals, 34 silver and 22 bronze.

The Redmen won 26 out of 27 matches, losing only to Navy. Their Metropolitan Intercollegiate League record was unblemished with victories in all 18 matches. The team ranked seventh nationally and second in the regionals of the National Intercollegiates.

Set College Record.

St. John's set a Winchester range collegiate record by beating Yale, Ivy League champions. It also established records for its home range and the one at City College of New York, won the high scoring trophy in the Connecticut state meet and won honors in the New York Gallery tournament.

The campaign was capped when Frank Briggs was awarded the Frank Haggerty Award as St. John's outstanding athlete. He and Alan Luke III made the All-American rifle team, ranking them among the nation's top 10 collegiate marksmen.

Oceanographers call a seismic sea wave a "tsunami," which is the Japanese word for "harbor wave." It is man-made harbors which receive the most damage from a "tsunami," which are caused by undersea earthquakes.

Lakers, Warriors Win In Double Bill

By THE ASSOCIATED PRESS
Detroit's hold on second place in the Western Division of the National Basketball Assn. was little more secure today but not so for the runner-up Syracuse Nationals in the Eastern Division.

The Pistons moved 1½ games in front of third place Cincinnati last night by defeating the Minneapolis Lakers 112-109 in the first game of a doubleheader at Philadelphia. Then the Nationals, with a chance to apply the crusher to Philadelphia's hopes for second place in the eastern section, dropped a 97-91 decision to the Warriors.

As a result of their victory the Warriors advanced within two games of the Nats and left the New York Knickerbockers trailing by another 3½, with a very, very slim chance of making the play-offs.

REPORT MISSILE WELL ADVANCED

WASHINGTON (AP)—Maj. Gen. R. A. Schriever, Air Force ballistic missile chief, said yesterday it's "well advanced" in development.

He made that statement in an address to the Jet Age Conference of the Air Force Assn.

Indirectly, Schriever gave the first official indication of the weight of the projected robot spy-in-the-sky — more than 1,300 pounds.

The general would admit directly only that the weight of the Fied Piper, being designed by Lockheed Aircraft Corp. at Palo Alto and Sunnyvale, Calif., will be heavier than the combined weights of all satellites thus far orbited.

(This would represent the approximate 1,100 pounds of Russia's Sputnik II, the weight of the much smaller Sputnik I and of the still smaller Explorer of the United States Army.)

YOUTH SHOT IN HOME ACCIDENT

SELLERSVILLE, Pa. (AP)—A 12-year-old boy was shot and wounded seriously last night in an accident at the home of a classmate.

Quakertown state police said Alexander Shulick of Sellersville R. 2, was struck in the stomach by a bullet from a .22 caliber rifle which went off in the hands of a playmate.

Police said Shulick and Richard Seeksamp, 12, foster son of Mr. and Mrs. Walter Crouthamel, Telford R. 1, had been engaged in target practice in the laundry room of the Crouthamel home.

They were talking when the rifle accidentally discharged, police said.

Shulick was rushed to Grandview Hospital, Sellersville, where his condition is reported to be satisfactory. Both boys are seventh grade pupils at Pennridge Junior High School. Alexander is the son of Mr. and Mrs. Andrew Shulick.

URGE MACK TO RESIGN FCC

WASHINGTON (AP)—Richard A. Mack was advised by House investigators today to resign from the Federal Communications Commission and said: "I certainly will most seriously consider your remarks."

First Rep. Moss (D-Calif.) and then Chairman Harris (D-Ark.) of a House committee told Mack to his face that his departure from the FCC would be a service to that agency.

Harris told Mack it seemed to him President Eisenhower undoubtedly should make a direct request for his resignation.

Mack, who had sat quietly with folded hands, said solemnly to Harris: "I certainly will most seriously consider your remarks."

Mack asked to be excused from testifying further and the subcommittee excused him until next Wednesday.

NEW OXFORD TO MEET SCOTLAND NEXT THURSDAY

New Oxford High School will meet Scotland in the first round of PIAA District 3 basketball playoffs Thursday, March 6, at Biglerville High School. Game time is set at 7:30 p.m.

The advance sale of tickets for this game will start Monday at New Oxford High School. Charles Edwards, faculty manager of athletics, is in charge of tickets sold at the school. Student admission to all games is 50¢, if purchased at the school. No student tickets will be sold at the game. Adult admission is 80¢, whether purchased at the school or at the game. Schools are not required to sell adult tickets, but will do so as a convenience for their patrons. A limited supply of tickets is available and will be sold on a first-come, first-sold basis.

The New Oxford Colonials, coached by Eddie "Jake" Diviney, won the Adams County Basketball League title, thus earning them a berth in the first round of PIAA District 3 playoffs. Coach Diviney's basketeers compiled a record of nine wins and one loss in league competition and an over-all 13 wins, six loss record for the season.

New Oxford bowed to Scotland 67-55 in an exhibition game early in the season. It was a hard-fought game all the way with Scotland moving ahead to stay only in the last quarter. The Colonials have shown much improvement since then and hopes to reverse the score in the coming play-offs.

The winner of this game meets Green Park of the Perry-Juniata League in the District 3 semifinals on March 10.

TED KLUZEWSKI**Training Own Way**

FORT MYERS, Fla. (AP) — First baseman Ted Kluzewski of the Pittsburgh Pirates is handling his spring training his own way with the approval of manager Danny Murtaugh.

Dr. White read a lengthy quotation from the "pessimistic" first book of Ecclesiastes and said:

"That pessimism of the past came down to my own medical school days. We didn't know anything then about coronary heart disease, although Adam may have died of it."

Dr. White used slides of medical records of 40 years ago and more to point up his theme of the conquest of disease through research.

"There need never be another great epidemic like the flu in 1917 or cholera in other generations."

The conquest of many of these earlier diseases accounts in part for the increase in heart disease and cancer today. People are living long enough to die of these age any more."

He showed charts that revealed the average age of hospital patients has risen from 30 to 60 years in the last century.

Rev. Charles E. Held, executive secretary of the county association, presided at the program which opened with selections by the high school choir. He described the community service, education and research programs of the county association and introduced Dr. Norman Wall, Pottsville, president of the state heart association; Dr. Mary L. Richardson, chief of rheumatic heart disease section of the maternal and child health division of the state Department of Health, and other members of the state heart office staff who came here for the program.

At the service club's dinner, Dr. Sheely noted the 10th anniversary of the count heart association formed by Dr. C. H. Johnson, Henry M. Scharf, the Rev. Mr. Held and Dr. Sheely. He introduced present officers and directors of the county organization and then presented Dr. Wall, the state president.

Dr. Wall Speaks

Dr. Wall said the American Heart Association "is not a charity but an organization with a selfish interest in the health of all of us. Cardio-vascular diseases are on the increase and unless we lick them we won't have to worry about Sputnik or a lot of other things."

Dr. Wall spoke of the great strides made by surgery in correcting congenital heart troubles and of the progress made by drugs and surgery in the fight against rheumatic heart disease. "Genuine strides are being made against high blood pressure through drugs," he added.

He concluded by labeling the "American Heart Association our standard bearer in the fight against heart disease through research and education and to extend those benefits through community service."

Charles Meers, executive secretary of the state association, and Miss Mary Mumma, publicity chairman for the state office were introduced.

Four Bullet Players In Final Home Game Against Upsala Saturday At 8:15

Upsala College of East Orange, N. J., a newcomer on the Gettysburg College basketball schedule, will oppose the Bullets here Saturday evening at 8:15 o'clock in the final home game for Bob Hulton's courtmen. There will be no preliminary game.

The Bullets finish their campaign against Juniata at Huntingdon Monday evening.

Upsala, with predominately a Sophomore team, has logged a 7-14 record thus far this season. Tonight the Vikings meet Susquehanna at Selinsgrove.

Scheduled to start against Gettysburg are Capt. Richard Menlingall, 6-2 Senior; Al Lazaroff 6-4; Ted Nicholls 5-11; Earl Johnson 5-9, and Bill Hercek 5-10, all Sophomores. Menlingall is the lone letterman remaining from last year.

Nicholls Leading Scorer

The Vikings' most recent victory was Tuesday, 114-75 over Panzer, when Nicholls tallied 51 points to set a new Upsala scoring record. Nicholls has now landed 349 points in 21 games for a 16.6 average. Lazaroff has netted 24, and Menlingall 24. Menlingall and Lazaroff are the team's leading rebounders with 297 and 279.

The Bullets (8-14) will go all out for a pair of victories over Upsala and Juniata. Until clashing with red-hot Bucknell Wednesday, the Hulton-men had been playing their finest ball of the campaign. Four Gettysburg Seniors will be appearing for the last time before a home audience. They include Bobby Walsack, Marty Miller, Stan Traymore and Frank Capitani. All other squad members are due back next year.

NEW TROPHY ROOM NEEDED FOR RIFLEMEN

BROOKLYN, N. Y. (AP) — St. John's University will be forced to build a trophy case for its rifle team.

The nimrods coached by Tito Balistreri last year won 32 assorted trophies or plaques, 44 gold medals, 34 silver and 22 bronze.

The Redmen won 26 out of 27 matches, losing only to Navy. Their Metropolitan Intercollegiate League record was unblemished with victories in all 18 matches. The team ranked seventh nationally and second in the regionals of the National Intercollegiates.

Set College Record.

St. John's set a Winchester range collegiate record by beating Yale, Ivy League champions. It also established records for its home range and the one at City College of New York, won the high scoring trophy in the Connecticut state meet and won honors in the New York Gallery tournament.

The campaign was capped when Frank Briggs was awarded the Frank Haggerty Award as St. John's outstanding athlete. He and Alan Luke III made the All-America team, ranking them among the nation's top 10 collegiate marksmen.

Oceanographers call a seismic sea wave a "tsunami," which is the Japanese word for "harbor wave." It is man-made harbors which receive the most damage from a "tsunami," which are caused by undersea earthquakes.

Lakers, Warriors Win In Double Bill

By THE ASSOCIATED PRESS

Detroit's hold on second place in the Western Division of the National Basketball Assn. was little more secure today but not so for the runnerup Syracuse Nationals in the Eastern Division.

The Pistons moved 1½ games in front of third place Cincinnati last night by defeating the Minneapolis Lakers 112-109 in the first game of a doubleheader at Philadelphia. Then the Nationals, with a chance to apply the crusher to Philadelphia's hopes for second place in the eastern section, dropped a 97-91 decision to the Warriors.

As a result of their victory the Warriors advanced within two games of the Nats and left the New York Knickerbockers, trailing by another 3½, with a very, very slim chance of making the play-offs.

REPORT MISSILE WELL ADVANCED

WASHINGTON (UPI)—Maj. Gen. R. A. Schriever, Air Force ballistic missile chief, said yesterday its "Pied Piper" reconnaissance satellite "is well advanced in development."

He made that statement in an address to the Jet Age Conference of the Air Force Association.

Indirectly, Schriever gave the first official indication of the weight of the projected robot spy-in-the-sky — more than 1,300 pounds.

The general would admit directly only that the weight of the Pied Piper, being designed by Lockheed Aircraft Corp. at Palo Alto and Sunnyvale, Calif., will be heavier than the combined weights of all satellites thus far orbited.

(This would represent the approximate 1,100 pounds of Russia's Sputnik II, the weight of the much smaller Sputnik I and of the still smaller Explorer of the United States Army.)

YOUTH SHOT IN HOME ACCIDENT

(Continued From Page 1)

A 12-year-old boy was shot and wounded seriously last night in an accident at the home of a classmate. Quakertown state police said Alexander Shulick of Sellersville R. 2, was struck in the stomach by a bullet from a .22 caliber rifle which went off in the hands of a playmate.

Police said Shulick and Richard Seekamp, 12, foster son of Mr. and Nadine T. Oyler, Bigerville, a property in Bigerville, for \$12,300. Charles D. and Isabelle H. Baird, Straban Twp., sold to Leo L. Keller, Straban Twp., 218 acres in Straban for \$13,000.

NEW OXFORD TO MEET SCOTLAND NEXT THURSDAY

New Oxford High School will meet Scotland in the first round of PIAA District 3 basketball playoffs Thursday, March 6, at Bigerville High School. Game time is set at 7:30 p.m.

The advance sale of tickets for this game will start Monday at New Oxford High School. Charles Edwards, faculty manager of athletics, is in charge of tickets sold at the school. Student admission to all games is 50¢, if purchased at the school. No student tickets will be sold at the game. Adult admission is 80¢, whether purchased at the school or at the game. Schools are not required to sell adult tickets, but will do so as a convenience for their patrons. A limited supply of tickets is available and will be sold on a first-come, first-sold basis.

The New Oxford Colonials, coached by Ellis "Jake" Diviney, won the Adams County Basketball League title, thus earning them a berth in the first round of PIAA District 3 playoffs. Coach Diviney's basketeers compiled a record of nine wins and one loss in league competition, and an over-all 13 wins, six loss record for the season.

New Oxford bowed to Scotland 67-55 in an exhibition game early in the season. It was a hard-fought game all the way with Scotland moving ahead to stay only in the last quarter. The Colonials have shown much improvement since then and hopes to reverse the score in the coming play-offs.

The winner of this game meets Green Park of the Perry-Juniata League in the District 3 semifinals at Emmitsburg.

REGIONAL WRITERS

LENTEN GUIDEPOSTS

WILL ROGERS . . . PAST,
PRESENT AND FUTURE

By WILL ROGERS JR.

I like to read authors who write of a particular part of the country. Examples: Harriet Kane, who writes of New Orleans and the South. His recent book is "The Gallant Mrs. Stonewall" (Jackson). He has written 17 to date and you can't read any of his books without becoming better informed about the South and its people. Then there is the excellent writer Conrad Richter, whose latest brief novel is "The Lady." To get the flavor of early American life, read any book by Richter. He is one of our finest and distinguished Another of my favorite regional writers is Jess Sura, who writes about his beloved Kentucky. He has written a dozen and more books but his "Taps for Private Tussie" and his Kentucky books make you feel as though you were a neighbor of the author. Being a former teacher, he came to bat for all teachers in his fine book "The Thread That Runs So True."

If we leave out the Mississippi stories of Mark Twain we would be missing much of his most charming and important writing. His "Huckleberry Finn" and "Tom Sawyer" have become immortal classics.

Robert Frost was born in California but his country mostly has been Vermont, New Hampshire and among the New England folks. If this region should be taken from Frost he would have to get it back, for it is a part of him. He is a part of the earth itself there! He writes about simple things, too, but he must have his beloved region to inspire him. The thing that makes regional writers so worth while is that they are first of all American. We need them.

Tomorrow Mr. Adams will talk on the subject: "Appreciation."

FIGHT IT OUT

When Trouble comes up to your door

And brings his army, Doubt,

Don't run away in fear my boy,

But stay and fight it out.

Stand up to Trouble like a man,

Meet him without a groan,

Your face high up and shoulders square,

And fight it out alone.

Old Troubles and his army, Doubt,

All cowards quickly rout;

But brave men never fail to win

Who stay and fight it out.

HARRISBURG (P) — The state has granted an indefinite extension to some 26,000 real estate brokers whose licenses expire tonight.

The extension was granted because the applications for renewal of the licenses are just being mailed to the brokers.

Dr. Harold Alderfer, first deputy superintendent of Public Instruction who supervises the State Real Estate Commission, explained yesterday that "we were late in ordering the applications and then the printing took longer than we expected."

He said 7,500 blanks went into the mails yesterday and the remainder will be sent soon.

The Justice Department advised that the brokers should be permitted to continue doing business without their renewals for a reasonable time.

Question Procedure

In Philadelphia, meanwhile, Al

an L. Emelin, president of the

Philadelphia Board of Realtors, asked for a state investigation of the administrative procedure in the State Bureau of Professional Licensing.

The only way I could win his respect again was to switch to another university and do better.

The next term I went to Stanford, and majored in philosophy.

I took two courses in comparative religion, among other things, studied hard and figured I had it all solved. One day I told my father:

"That old Greek, Socrates, put it all in two simple words: 'Know thyself.'

"Two Halves"

"Yep, and then get to know the other fellow, too," my father said.

"There's always two halves to a whole."

That was pretty good for a cowboy who never got beyond the fourth grade.

My wife, Coiler, and I have three sons: Randy is 19 and at Cedar City University in Utah. Clem is 18 and Carl is only 6. They're good kids and developing into fine young men. They are all adopted children, and from the very first I have always talked to them as adults.

I tried to expose them to some of the ideas I picked up at Stanford. They were bored.

So I try to use my father's approach. I want them to speak from the strength and security of conviction. Maybe that comes with age; it did with me, only I'd like

You and your responsibility

At last this little bit of life is ready to become a part of your home. You are glad, and at the same time you feel a great responsibility.

Perhaps you already realize how much the Church can help you. From the day you stand before the minister and dedicate the little one to God, on through the various departments of Sunday School and young people's work, the Church is always ready to lend a hand. Its spiritual message strengthens you, its worship services enrich your life, its opportunities for leadership increase your ability.

In the Church you will find other fathers and mothers with problems similar to your own. You will find boys and girls, men and women, working together, and from these beginnings will grow a better home life, a better community, a better world.

Yes, this is a beginning. Start now to make your home a center of Christian activity . . . and make the Church your home!

Bible Story

The manuscript for today's Sunday School lesson was lost in the mail. The following Bible story is published instead this week.

By REV. H. E. GOLD
Ready Answers

Peter, a disciple of Christ, was a man of quick answers. This was plainly shown in an incident which occurred about two years after Jesus had gathered His disciples and schooled them for their future work. They were some distance north of the Sea of Galilee. The country side near a certain cave was called Panias in honor of the pagan god Pan.

On a nearby hill Herod, the governor, had built a beautiful palace of white marble in honor of Augustus, the Roman Emperor, who had appointed Herod to his official position. Here within the shadow of two monuments which represented the worship of nature (Pan) and of man (Augustus), Jesus thought it necessary to draw from His disciples a statement of what they thought of Him. He had been their Teacher and Friend and they should make up their minds about Him.

He began by asking who people thought He was. The answer was that some thought He was John, the Baptist, or Elijah, or Jeremiah, or some other prophet again come to life. Then the direct question: "But who say ye that I am?" Long before this moment Peter had become the quick and ready spokesman for the group, and he answered the Master now. The answer given has been called "The Great Confession." And it is, "Thou art the Christ, the Son of the living God."

Peter Is Commended

Jesus commended Peter for his confession and declared that not by human wisdom, but by divine inspiration, he had answered correctly. It was then that Jesus gave the disciple a grave responsibility: "Thou art Peter, and upon this rock will I build my church." Which many believe means that upon this confession of divine character of Jesus, the church must be established. Jesus said more about the responsibilities His disciples would have, and told them of His coming suffering and death.

That was too much for the quick-tongued Peter who began to rebuke Him, saying, "Be it far from thee, Lord!" His Master died? Absurd! Especially since He had just admitted that He was the Son of the living God. Surely the Christ can, and must, take care of Himself first, were Peter's thoughts. But Jesus knew and had taught His followers that there is something greater than life. His own future had already been determined and His death and Resurrection would be the seal of His lifework. So the Son of Man turned, and looking squarely into the eyes of Peter, said: "Get thee behind me, Satan; thou art a stumbling block to me." And then to all of the disciples this saying, known so well: "If any man would come after me, let him deny himself and take up His cross and follow me."

Heavy Rains

(Continued From Page 1)

"There is some flooding also indicated along the Schuylkill," White said. "The river probably will reach bank full or possibly slightly over, but will not produce any serious flooding."

The snow, which posed the biggest threat earlier as a potential flood source, has acted to retard the runoff of rain water, White said.

"There was heavy rain in the northern reaches of the Susquehanna, but cool temperatures and the heavy snow pack caused most of it to be absorbed," he said.

Ice Jams Threaten

Ice jams posed a threat of minor flooding in some areas, also. White noted, but he said these conditions would be removed as the ice broke up.

Here are the river stages today at key points on the Susquehanna River (flood stage in brackets)— Towanda, 6.2 (16); Wilkes-Barre, 5.6 (22); Lock Haven, 9 (21); Williamsport, 6.4 (20); Harrisburg, 5.67 (17); Sunbury, 5.65 (16).

Up to an inch and a half of rain was recorded in some areas of the Susquehanna River basin.

The Weather Bureau predicted that a quarter to a half inch of additional rain would fall in the next five days, but presented no special hazard.

Allegheny Is Frozen

In western Pennsylvania a normal run off of melting snow and ice was continuing. The Federal and State Flood Control Service said at Pittsburgh,

The service reported the Allegheny River was still frozen in northwestern Pennsylvania with some breakup occurring at the southern end of the freeze.

The Monongahela River which rose slightly yesterday was falling today. The flood service said no further rise is expected unless an extremely heavy rain falls in the Monongahela watershed.

The Weather Bureau said no heavy rain fall was expected.

Union Leader Authorized To Strike Garment Workers

NEW YORK (AP) — A strike of 86,000 dress manufacturing workers in seven northeast states has been authorized, but negotiations are to continue.

Leaders of the International Ladies' Garment Workers Union say the first general strike in 25 years in the billion-dollar-a-year industry appears inevitable.

The strike authorization was voted Wednesday night at a meeting of 3,500 union delegates and shop stewards.

The meeting empowered Union President David Dubinsky to call a strike at his discretion any time after the extended contract with five employer groups expires at midnight.

Dubinsky told the strike strategy meeting that negotiations would continue today.

But in discussing the threatened strike, he told the union leaders:

"I see no way to stop it now... From the results so far, it looks like the union's no-strike record of 25 years will have to be broken."

Dubinsky said he was ready to negotiate around-the-clock to avert a walkout. He said he would compromise on the union's demands for a 15 per cent wage increase and a \$10 a week rise in minimums, but no on the other issues. Current basic pay now averages \$2.10 an hour. Dubinsky had said previously that the total package sought by the union amounted to "a minimum of 20 per cent."

A strike would affect 57,000 workers in New York City and 29,800 in other parts of the state and in New Jersey, Connecticut, Massachusetts, Pennsylvania, Delaware and Rhode Island. About 80 per cent of the dress workers are women.

Stage Manager Turns Actor In Production

NEW YORK (AP) — Robert Downing, a man with two jobs, won't just be acting in Broadway's planned comedy-with-music, "Say, Darling."

The plot concerns theater folk and production of a musical.

Downing was first signed to be stage manager of the real life production, and then cast to act the

NATO STUDYING EAST-WEST MEET

PARIS (AP) — The Permanent Council of the North Atlantic Treaty Organization announced Thursday that it has assigned special "working groups" to study the possibility of an East-West summit conference.

The working groups are made up of experts from the 15 NATO member countries and are under the immediate supervision of NATO Secretary General Paul Henri Spaak and the permanent representatives.

The announcement indicated that the West has decided to turn at least some of the complex problem of preparation for a possible new summit conference over to NATO. Presumably the idea is to coordinate the Allies' policy on questions likely to be discussed at a conference for the guidance of the United States, Britain, France and any other NATO participants.

The permanent representatives who make up the NATO Council all represent their individual governments and have ambassadorial rank.

Missile—Aircraft Told To Speed-up

WASHINGTON (AP) — The Air Force told the missile-aircraft industry Thursday to quicken the tempo production, warning that there will be no contracts for those firms which fail to keep the pace.

Lt. Gen. C. S. Irvine, the Air Force's chief for materiel, said,

"Companies have got to stop thinking up ways to stay in the old fashioned horse-and-buggy habit of long production runs."

Irvine chose as the forum for his warning the third annual Jet Age Conference of the Air Force Assn., which includes in its membership representatives of 319 firms dealing directly or indirectly with the Air Force.

role of a stage manager in the show.

A special union waiver was required for him to take the dual chore.

Broadway Company Is Bound For Italy

NEW YORK (AP) — A stellar company of Broadway creative talent congregates 4,000 miles from home next summer for a drama-music festival tourney in Spoleto, Italy.

The project has been organized by Gian-Carlo Menotti, Italian born composer.

Entitled "Festival of Two Worlds," the project launches June 5 with a production of Verdi's "Macbeth," sung by young American and Italian singers.

Menotti has raised \$136,000 for the three-week festival.

Among the U. S. artists participating are to be Thomas Schippers, conductor, who will direct the music branch of the festival; José Quintero, in charge of drama; and Jerome Robbins, who will choreograph a program of ballets.

OFFERS \$500,000 FUND FOR BRIDE

HOLLYWOOD (AP) — Actress Sharon Lee today mulled a California fruit grower's offer to set up a \$500,000 trust fund for her if she will marry him.

"I need time to think," she said Wednesday at a news conference called by her and Tony Vito in his apartment to explain the status of their romance. Both confirmed the offer.

Vito, 38, an ex-Marine from Boston, said of his offer: "I'm not trying to influence Sharon by this. I merely want her to know that if she marries me she won't have to support me."

The blonde Miss Lee, 27, said when she recently divorced singer David Street after less than a month of marriage that she helped support him. Street and actress Debra Paget have since married.

Vito lives in Hollywood when not at Lodi, Calif., on business. Miss Lee said they met at a Hollywood party and have been dating since Feb. 12 but she has also been going out with others.

Elliott Willing To Serve If Called

WAYNESBORO, Pa. (AP) — Sen. Douglas H. Elliott (R-Franklin) said Thursday he would give serious consideration to becoming a candidate for the Republican candidate for governor if the party leadership "were to convince me it was to the best interests of the Commonwealth."

Elliott, serving his first term representing the Adams-Franklin county senatorial district, has been mentioned among the "dark-horses" as GOP leaders seek agreement on a slate of candidates for the May 20 primary. He is vice president of Wilson College, Chambersburg.

"The fact that my name has been given consideration as a possible candidate is very flattering and highly complimentary," Elliott told a Waynesboro Record-Herald reporter.

NAVY UNCOVERS CRUCIAL FAULT IN VANGUARD

CAPE CANAVERAL, Fla. (AP) — The Navy has discovered faulty assembly of some crucial parts within the second stage of the Vanguard test rocket now awaiting launching, it was learned from reliable sources today.

The pipes leading to and from a small tank containing liquified propane gas were discovered in reverse position.

The strange error apparently overlooked in the inspection process at the manufacturing and assembly plant in Baltimore.

There was no suspicion of sabotage.

Corrected Now

The embarrassing error contributed to the postponement of a Navy satellite launching attempt this week and led to a Vanguard propane fuel shortage that produced a further delay.

The difficulty reportedly has been corrected, and a Vanguard launching attempt may come any time next week, weather permitting.

It has been learned that the Vanguard passed inspection at the Martin Co. plant in Baltimore.

Made Test

Only after it was erected in its launch stand here was it found that the two pipes had been switched. To avoid cutting into the propane tank, it was necessary to install a roundabout, Rube Goldberg arrangement of piping. Then the new plumbing had to be tested.

The testing so depleted the supply of liquid propane for the Vanguard that replenishment was essential before there could be another launching of that rocket. An extra supply was rushed here by truck.

ARSENAL IN KOHLER CASE BEING PROBED

WASHINGTON (AP) — Senate rackets probbers sought today to confirm or explode charges that the Kohler Co. had an arsenal and an army to oppose strike pickets in case of a fight.

No such gun fight ever did develop in the United Auto Workers strike against the company. The strike now is 45 months old and still going.

The special Senate committee is checking into who was responsible for numerous acts of violence in the strike. The company and the union have blamed each other.

"Prepared For War"

UAW President Walter Reuther in a statement prepared for but not yet presented before the committee, charged that: "the company ... made obvious preparations for war, and under the guise of a civilian defense program actually armed and mobilized a private army . . ."

Its equipment, he said, included machine guns.

The committee heard testimony from Theodore J. Mosch acknowledging he had accepted a \$300 campaign contribution from UAW Local 833, the Kohler local, when he was seeking re-election as sheriff in 1954.

"Absolutely Bounced"

Mosch testified he was "absolutely bounced" out of the Republican party in 1956, and that there "could have been" some relationship between this and the campaign contribution.

He had testified half an hour earlier that he believed he was thrown out of GOP good graces for rejecting a demand by Robert W. Hayes, chairman of the Sheboygan (Wis.) County Republican Committee, that he employ firearms if necessary to help non-strikers to pass through union picket lines at the plant.

The committee had heard testimony from antinon union witnesses Wednesday that Mosch was "dragging his heels" in law enforcement, particularly when it came to protecting nonstrikers.

Mosch said he had feared that use of firearms or tear gas guns might set off bloodshed which his small force of deputies could not control. He said Wisconsin's governor had advised him also not to use firearms.

RAHWAY, N.J. (AP) — Representatives of Merck and Co. and of the Oil, Chemical and Atomic Workers Union were working against time today in an effort to settle contract differences before a strike deadline at midnight tonight.

Nelson Lawrence, president of Local 13-575 of the union, said yesterday that contract language and wages were the most important items being discussed.

A company spokesman expressed optimism that a settlement would be reached, but Lawrence said his union "has certain aims which the company has not as yet accepted."

Lawrence said there would be a strike if midnight comes without a settlement. He added that talks have been in progress "for quite some time."

Abandon Search For 22 Navy Men

ST. JOHNS, Nfld. (CP) — The U.S. Navy has called off a sea search for 22 Navy men missing since their radar patrol plane vanished over the North Atlantic Feb. 20. The air search by 20 planes continues.

The Super-Constellation disappeared on a routine flight between its home base at Argentia, Nfld., and the Azores.

An empty yellow rubber life raft was found yesterday about 40 miles northwest of Graciosa Island in the Azores, but a Navy spokesman said it probably did not come from the missing plane since the bottom was covered with marine growth.

WILL FREE MAN FOR KILLING GIRL WHO GOT 50 CTS.

TRENTON, N.J. (AP) — Peter Shewchuk, who got 50 cents from a Camden minister for strangling the minister's daughter, will be released March 10 after almost 18 years in prison.

The State Parole Board announced today that Shewchuk, now 39, has been approved for parole after being turned down twice before.

Shewchuk, a one-time circus roustabout who lived at Chester, Pa., was sentenced to life imprisonment in 1950 for strangling 18-year-old Wanda Dworeck.

He was hired to the job by the Rev. Walter Dworeck, a Polish Baptist minister. The Rev. Mr. Dworeck denied he hired Shewchuk to do the slaying so he could collect on a \$2,500 insurance policy he held on his daughter's life. The minister was convicted and electrocuted in March 1940.

Shewchuk was given a life sentence after a jury recommended mercy.

At Camden County jail, Shewchuk said of the verdict, "I got a big break—and I'm damn glad of it."

Shewchuk was a former sweetheart of Miss Dworeck's. He said her father pressed him for months to kill the girl. He said he finally gave in and was paid \$400 for the job.

But he said all he got was the 50 cents the Rev. Mr. Dworeck gave him for carfare.

4 Men Stricken By Chlorine Gas

HARRISBURG (AP) — Four men were sickened by chlorine gas last night at a manufacturing plant on the Carlisle Pike near here.

Two of them, George Westfall, 20, Mechanicsburg, and Graham Mathews, 24, Hogestown, were admitted to Harrisburg Hospital. They were reported in satisfactory condition today.

The others, Robert Beers, 21, Carlisle R. 2, and Edward Roberts, 27, Carlisle R. 1, were treated and released.

A spokesman for the Capitol Products Corp. said the gas, used in a manufacturing process, evidently escaped through a broken hose.

Volunteer Firemen Have Ended Strike

SALEM, Mo. (AP) — Members of the fire department in this Ozarks town of 3,600 have ended their strike, at least temporarily.

The 12 volunteers and Fire Chief Ray Johnson reconsidered and decided to go back on the job until a meeting with the City Council Monday night.

They had refused to answer fire alarms since Tuesday. They demanded an increase from \$3 to \$5 per call, sirens and blue lights for their personal cars, boots and raincoats. The chief is the only salaried member of the department.

HUGE AIRLINER IS GROUNDED BY A TRICKY RAT

CHICAGO (P)—A tricky rat that grounded a 44-passenger airliner at Midway Airport since Tuesday had officials of United Air Lines up in the air today on how to catch him.

The rat, named Rudolph, has upset the best efforts of mechanics and an exterminator to get him out of the fuselage. He has stolen cheese set out to bait him and has avoided all other traps.

"This Convair will not leave the ground until he is captured," said a UAL spokesman.

"He's not in the passenger compartment proper. We could probably poison him, but then it might mean taking the whole plane apart finding him after he died."

Call In Exterminator

Charles W. O'Hare, a professional exterminator called in to catch Rudolph, got a permit to use a special .22-caliber target pistol which fires scatter shot. O'Hare said the shot wouldn't damage the fuselage.

But the UAL spokesman said that O'Hare's search for the rat might have to be carried out without a single shot being fired. "We're not so sure of that fuse-lage business," he said.

No one knows for sure how Rudolph got aboard, but the best guess is that he climbed up when the passenger steps were left down while the \$500,000 twin-engine plane was being serviced.

Union Leader Authorized To Strike Garment Workers

NEW YORK (P) — A strike of 86,000 dress manufacturing workers in seven northeast states has been authorized, but negotiations are to continue.

Leaders of the International Ladies' Garment Workers Union say the first general strike in 25 years in the billion-dollar-a-year industry appears inevitable.

The strike authorization was voted Wednesday night at a meeting of 3,500 union delegates and shop stewards.

The meeting empowered Union President David Dubinsky to call a strike at his discretion any time after the extended contract with five employer groups expires at mid-February.

Dubinsky told the strike strategy meeting that negotiations would continue today.

But in discussing the threatened strike, he told the union leaders: "I see no way to stop it now... From the results so far, it looks like the union's no-nuke record of 25 years will have to be broken."

Dubinsky said he was ready to negotiate around-the-clock to avert a walkout. He said he would compromise on the union's demands for a 15 per cent wage increase and a \$10 a week rise in minimums, but no on the other issues. Current basic pay now averages \$2.10 an hour. Dubinsky had said previously that the total package sought by the union amounted to "a minimum of 20 per cent."

A strike would affect 57,000 workers in New York City and 29,800 in other parts of New York state and in New Jersey, Connecticut, Massachusetts, Pennsylvania, Delaware and Rhode Island. About 80 per cent of the dress workers are women.

Stage Manager Turns Actor In Production

NEW YORK (P) — Robert Downing, a man with two jobs, won't just be acting in Broadway's planned comedy-with-music, "Say, Darling."

The plot concerns theater folk and production of a musical.

Downing was first signed to be stage manager of the real life production, and then cast to act the dual role of a stage manager in the show.

A special union waiver was required for him to take the dual chore.

NATO STUDYING EAST-WEST MEET

PARIS (P) — The Permanent Council of the North Atlantic Treaty Organization announced Thursday that it has assigned special "working groups" to study the possibility of an East-West summit conference.

The working groups are made up of experts from the 15 NATO member countries and are under the immediate supervision of NATO Secretary General Paul Henri Spaak and the permanent representatives.

The announcement indicated that the West has decided to turn at least some of the complex problem of preparation for a possible new summit conference over to NATO. Presumably the idea is to coordinate the Allies' policy on questions likely to be discussed at a conference for the guidance of the United States, Britain, France and any other NATO participants.

The permanent representatives who make up the NATO Council all represent their individual governments and have ambassadorial rank.

Missile-Aircraft Told To Speed-up

WASHINGTON (P) — The Air Force told the missile-aircraft industry Thursday to quicken the tempo production, warning that there will be no contracts for those firms which fail to keep the pace.

Lt. Gen. C. S. Irvine, the Air Force's chief for materiel, said, "Companies have got to stop thinking up ways to stay in the old fashioned horse - and - buggy habit of long production runs."

Irvine chose as the forum for his warning the third annual Jet Age Conference of the Air Force Assn., which includes in its membership representatives of 319 firms dealing directly or indirectly with the Air Force.

The plot concerns theater folk and production of a musical.

Downing was first signed to be stage manager of the real life production, and then cast to act the dual role of a stage manager in the show.

A special union waiver was required for him to take the dual chore.

Broadway Company Is Bound For Italy

NEW YORK (P) — A stellar company of Broadway creative talent congregates 4,000 miles from home next summer for a drama-music-ballet tourney in Spoleto, Italy.

The project has been organized by Gian-Carla Menotti, Italian born composer.

Entitled "Festival of Two Worlds," the project launches June 5 with a production of Verdi's "Macbeth," sung by young American and Italian singers.

Menotti has raised \$136,000 for the three-week festival.

Among the U.S. artists participating are to be Thomas Schippers, conductor, who will direct the music branch of the festival; Jose Quintero, in charge of drama; and Jerome Robbins, who will choreograph a program of ballets.

The announcement indicated that the West has decided to turn at least some of the complex problem of preparation for a possible new summit conference over to NATO. Presumably the idea is to coordinate the Allies' policy on questions likely to be discussed at a conference for the guidance of the United States, Britain, France and any other NATO participants.

The permanent representatives who make up the NATO Council all represent their individual governments and have ambassadorial rank.

Mrs. Ritter presented the invitation from the Eta Tau chapter of Beta Sigma Phi sorority to attend their Mardi Gras Ball on Saturday night at Bankert's. There was also some literature on the Air Defense Command, the Ground Observer Corps and Civil Defense. He pointed out the foreign air possibilities and the United States Air Defense Bases, which are manned twenty-four hours a day by Air Force personnel. There were also pictures of various defense aircraft and anti-aircraft, and what they can accomplish.

Mrs. J. Walter Groce, a member of the local Ground Observer Corps, spoke in the interest of mass care centers and the Civil Defense household guide, which lists all things needed for the first aid kit, food storage, home sanitation, taking into consideration the various age groups, in case of a national emergency. She also listed what she keeps in her own basement, in case of emergency by atomic attack. Anyone locally, who is interested in making similar preparations, may get in touch with Mrs. Groce.

ASKS NATO HELP TO END FRANCE, REBEL DISPUTE

and the Algerian rebels. In a broadcast recorded for later transmission over the government radio, Bourguiba suggested that a French-proposed commission to patrol the border between Algeria and Tunisia be broadened to include other members of the North Atlantic Treaty Organization.

The commission's task should also be widened, he said, to include investigation of the Algerian war and finding a solution for it.

TUNIS (AP) — Tunisian President Habib Bourguiba Thursday called on the NATO powers to intervene to end the conflict between France and the Algerian rebels.

The French government has insisted it would not allow the Algerian conflict to be brought into the negotiations to end the French-Tunisian dispute, except for discussion of measures to seal off the Tunisian border from the rebels. The French insist that Algeria is France's domestic concern, not a subject for international intervention.

Pineau Opposes Plan

French Foreign Minister Christian Pineau stood by this position in a report to a National Assembly committee. Members of the committee later said Pineau objected to any formal international discussion of the Algerian rebellion.

Pineau emphasized that France's first concern in the current negotiations is to tighten the Tunisian-Algerian border.

Bourguiba charged that a French plan to clear and seal off a border belt inside Algeria would make tens of thousands of Algerians homeless.

He expressed satisfaction at reports that the U. S. State Department is taking steps to prevent the French use of U. S.-supplied arms in Algeria. Bourguiba repeatedly stressed that North Africa wants to be associated with the non-Communist world.

Handle Frontier Problems

He said France's proposal of a French-Tunisian commission to supervise the Algerian-Tunisian frontier is the first time in over three years of conflict France has accepted that a foreign power should come between herself and the Algerians.

He noted that France wants the commission to deal only with frontier problems.

As Bourguiba spoke, U. S. envoy Robert Murphy was conferring with the French charge d'affaires, Jean Pierre Benard, in Tunis, reporting on his mission. Informed sources said Murphy was devoting his attention primarily to the problem of French troops in Tunisia. Bourguiba has demanded complete withdrawal of the troops, but he did not mention this in his broadcast.

HARRISBURG, Pa.—The State Council of Education Wednesday approved a plan for reorganization of administrative school units in Delaware County.

The approved plan would result in reshuffling the present administrative setup into 15 new units.

The new setup would result in more than three dozen attendance areas for the students of the county.
